Summary

Enthusiastic Front-End Developer with a strong foundation in HTML, CSS, JavaScript, and modern frameworks like React.js, Bootstrap. Passionate about creating responsive, user-friendly web applications and continuously learning new technologies.

Technologies

Front-End Development: HTML5, CSS3, JavaScript (ES6+), MySQL

Frameworks / Libraries: React.js, Bootstrap

Version Control: Git, GitHub

Development Tools: VS Code, Chrome DevTools

Web Deployment: GitHub Pages, Vercel

UI/UX: Responsive Design, Accessibility

Projects

Job App - Job Search Platform

- Developed a job search platform with user authentication using JWT and real-time form validation.
- Integrated APIs to fetch and display job listings, job details, and user profiles dynamically.
- Used React Router for seamless navigation and dynamic rendering of job data and user profiles.
- Technologies: React.js, JavaScript (ES6+), Bootstrap, REST APIs

Personal Portfolio Website

- Created a personal portfolio website to showcase skills, projects, and contact information.
- Utilized AOS (Animate on Scroll) for smooth animations and enhanced user engagement.
- Designed the website to be fully responsive using media queries, ensuring optimal user experience on all devices.
- Technologies: HTML, CSS, JavaScript, AOS, Formspree, Vercel

+ Responsive E-Commerce Website

- Designed and developed a fully responsive e-commerce website using HTML5, CSS3, and Bootstrap.
- Implemented product filtering, grid layouts, and navigation for user-friendly browsing.
- Technologies: HTML5, CSS3, Bootstrap, Vercel

Internships

Front-End Development Intern, ARC Technologies and Institutions – Nagpur   Nov 2024 – Mar 2025

- Developed a responsive website for home interior design using HTML5, CSS3, JavaScript (ES6+), React.js, GitHub, and Vercel.
- Built interactive web components, including To-Do List, Color Picker, and dynamic UI elements.
- Used Git for version control and collaborated via GitHub for project updates.
- Utilized Chrome DevTools for debugging, performance optimization, and responsive design testing.

Education

Dr. Babasaheb Ambedkar Technological University (DBATU) – Maharashtra   Aug 2021 – May 2024

- Bachelor of Technology (B.Tech) in Mechanical Engineering
- Affiliated College: Vidarbha Institute of Technology, Nagpur
- GPA: 7.19/10
